

sportspace

sportspace offers unique technology to produce large span, column-free coverings for a range of sporting activities and venues.

sportspace = year round use = increased income

YEAR ROUND USE

Protect your staff and participants from weather and increase your productivity.

- Rainfall averages 100-125 days per year in Australia — **increase your income** by 25% and have your sporting facilities in use all year round
- Keep your staff and players **100% safe** and out of direct sunlight. Melanoma is the fourth most common cancer in Australia

GROWTH AND INCOME

Give your sports facility the ability to grow with your community

- **Flexible** room for expansion of sport areas. Do not limit your expansion opportunities.
- Enable space for **profitable income** streams such as spectator seating, cafes, equipment hire and sales
- Install over your facility with **zero loss** of playing days
- Generate further income by creating a multi-purpose facility
